

Lowe 'Mudgee Blue'

2012 Cabernet Shiraz

LOWE

This is blue blood Mudgee terroir. The original vignerons chose this vineyard site on Craigmoor road because of the soil quality and its access to the three wineries around it.

Our philosophy revolves around what is new in wines, while respecting the essential style of Mudgee; concentration with finesse.

The wines should always be aromatic; a modern condition that we agree with having worked with many sommeliers and wine aficionados over the last three years. Oak maturation is important for rounding the wine but oak must be in the background.

Variety: 60% Cabernet Sauvignon | 40% Shiraz

Region: Mudgee (500m), NSW Central Highlands

David Lowe's Notes

We have had some difficult years recently and the good vineyards always shine through. This is one of those vineyards.

Many talented and experienced winemakers have made wine from this vineyard and I contacted them all prior to making the first wine. Without exception, they congratulated me on being the next winemaker.

Winemaker: David Lowe.

Colour: Crimson purple.

Aroma: The aromas display generous aromas of plum, blackberry and blackcurrant with anise, spice and black pepper.

Palate: A generous, medium to fuller bodied wine. The concentrated fruit flavours are well balanced with the oak and tannin structure.

Cellaring: This is wine that will reward cellaring. Don't be afraid to hide this wine in the cellar for up to 18 years.
